

The OS 385 is the flagship model of the Pursuit fleet of premium offshore boats. Measuring just under 40 feet in length, this vessel has all the comforts of home plus a 360-degree water view.

The OS 385 combines the performance, seaworthiness and fishability of the world's top inboard convertible and express offerings with the luxury interior appointments of most comfortable cruisers.

The fully integrated hardtop and windshield are engineered to support an optional factory-built tower. Dependable Yamaha® outboards on the transom not only increase her overall performance but also open up valuable space for additional storage and accommodations. Her sleek, express style with a 13-foot beam results in an expansive cockpit and roomy interior below decks. Two available floor plans below deck feature light-colored interior woods, exquisite fabrics and strategically located ports to make the interior spacious, stylish and inviting. *Contact your factory authorized dealer today and experience the excitement of Pursuit.*
